

Italian Love Songs Music Workshop

NAA Accordion Convention 2024

With Gordon Kohl

1. Learn an Italian Newer Love Song made popular by Singers.

2. Add Expression and Feeling to a Ballad as though you are accompanying Yourself Singing the Song too.

Playing in a "Cantabile" Singing Style.

3. Adding fills into a music phrase without adding to much Harmony. The Song needs to be slightly open and always with a even flowing Melody. The Audience connects with either a song's melody or the rhythmical beat to the song.

4. Use the Accordion Reeds to express the song. Remember that the Violin (MM) & Accordiana (LMM) Registers are "true" to an "Italian Tonality".
